Library Survey Results

Thanks to the 29 church members who responded to the recent church library survey. Here are the results:

Of the 29 who replied, 85% would visit the library for new books. Fiction, biography, history and children's books are the most popular. More children's, middle school, history and fiction books are needed. 84% would browse the library collection online. 80% would then check out those books. 85% would consider donating current new books or funds for new books. 61% currently use the library.

Comments included:

- “Great resource.”
- “Current new books would encourage me to use the library.”
- “I have so many books at home to read first.”
- “My child loves the library!”
- “I've simply become too busy to read!”
- “I like the online idea – I would use the library if I could access it in that way.”
- “The current card system has charm! Seeing children's name on the cards is heartwarming.”

This information is extremely helpful as we plan our library of the future!
